

Award – School Sports Colours

Sports Colours are intended to add an award to which HIBS elite athletes can aspire.

Sports Colours are intended to reward a small number of students at that elite level.

While equivalency can be difficult between codes, it is the intention to seek comparability between performance of athletes and therefore there are a range of basic premises that direct the criteria:

The code/event must be available to all other male secondary school competitors in their final year of school.

The athlete must be a top performer amongst his peers as aligned to the criteria below.

Award – School Colours in Sport

To achieve School Colours in Sport a student must:

Exhibit: Play for the School's 1st team in their chosen sport (if HIBS are playing that sport under the College Sport Wellington competition structure) displaying dedication, commitment, sportsmanship and contribution to HIBS Sport.

In Category A Sports

- To have played for a Wellington Under 18A team or Senior Secondary Schools or higher in the following codes – Rugby, Cricket, Football or Hockey.

In Category B Sports

- Play for a New Zealand Under 18 A team or Secondary Schools team, (or equivalent national side) in other codes sanctioned by CSW.
- Representation in a Wellington Men's team (or higher) for CSW-sanctioned codes will be considered by the Sports Committee.
- A Gold Medal winner nationally at the highest Secondary Schools level in a Category B Sport

There will be times where we may be required to seek clarification from a sporting body before making a final decision with over 50 sports being played, and a number of different selection age teams. The Sports Committee will review case by case.

Sport – Category A	To attain HIBS Sports Colours
<input type="checkbox"/> Cricket	Wellington Under 19 Selection & played or Higher
<input type="checkbox"/> Football	NZ Secondary Schools senior boys' team or NZ U18 team
