BYOD RECOMMENDED SPECS

Students need their devices to be quick, powerful, and practical to work effectively in the classroom using modern educational applications today. To keep up with computing demands regarding performance, compatibility, and usability, we recommend your machine has **at least** the following specs:

	GENERAL PURPOSE	DIGITAL MEDIA CONTENT CREATION
	For subjects mainly requiring word processing, internet research and basic media development, eg. English, Mathematics, Accounting	For subjects requiring heavy digital content manipulation, illustration, animation, video, 3D rendering and programming, eg. Digital Technologies, Design Technology, Visual Art Design
Processor	Intel Core i5 or AMD <u>Ryzen 5</u>	Intel Core i7 or AMD <u>Ryzen 7</u>
RAM	8GB RAM	16GB RAM
Disk Space	256GB SSD	256GB SSD
Operating System	Windows 10 Pro	Windows 10 Pro
Input	Keyboard with mousepad	Keyboard with mousepad, external mouse
Screen	At least 13"	At least 14"
USB	2+ USB ports	2+ USB ports
Graphics	Onboard	Dedicated

OPTIONAL SPECIFICATIONS

- Tablet mode with stylus pen – write directly on the screen to mark-up documents, draw diagrams, take notes and sketch etc.
- Dedicated graphics card – get even more power for running media development applications (video composition, 3D rendering, CAD, animation).
- SD card reader – easily plug in your SD card to download media from cameras, phones etc.

It is very important that your computer has the good stuff inside, however, a careful decision regarding the build could boost your student abilities ten-fold. With the right machine you could use a stylus pen and draw directly onto the screen.

If you have any queries, please feel free to contact our Director of IT – Shaun Alaifea – salaifea@hibs.school.nz.
